## TECHNICAL SKILLS

Strong knowledge in OOP concepts

Strong Knowledge in Swift Programming Languages

Strong Knowledge in IOS Development

Familiar with HTML,CSS, Javascript and React JS

familiar with Adobe xd

## LANGUAGES

Arabic  
Native or Bilingual Proficiency

English  
Professional Working Proficiency

## EDUCATION

### Pre-Master of Software Engineering

Faculty of Computers and Artificial Intelligence (Ain-Shams University)

10/2021 - Present

### Bachelor of Software Engineering

Faculty of Computers and Information Science (Mansoura University)

2017 - 2021

3.32 - Ranked third

## WORK EXPERIENCE

### iOS Trainee

Awammer Alshabaka

01/2021 - 04/2021

software Company

Mansoura

### Mobile Application coordinator

IEEE olympics1.0 / IEEE MansSB

2020

students activity

Contact : <https://www.facebook.com/IEEEManSB/>

Mansoura

### Financial Resources volunteer

IEEE MansSB

2019 - 2020

students activity

Mansoura

### Volunteer

Life Makers

2016 - 2019

## PROJECTS

### Graduation Project (BrainSight)

- Degree: 197 ( A+ )
- Hardware and Software can detect the edges of the images using semantic segmentation and canny edge detection to represent the edges on the back of the blind people using vibration motors.
- 1st place of Software Application Class on Egyptian Engineering Day (EED)
- one of the 3 winners of ibTIECar Marathon 2021
- Best Project Idea of the Fifth Forum IT Developers
- Participation in Techne Summit Alexandria 2021

### Marai Alshmalia

- Real Application for selling products
- using MVC, APIs, googleMaps, CocoaPods,Delegates, Codable

### ChatApp (2020 )

- Chat App using Firebase , Authentication , Real Database , chat bubbles
